Equipment “Swap Table” Information

Dear Parent(s)/Guardian(s), players and coaches;

During registration at Parkview we will have a “swap table” where anyone who might have any slightly used softball equipment may drop off and donate for the use by other girls in the program. We will accept any softball equipment, gloves, cleats, bats, bat bags, etc. that you may have around the house that is too small, slightly worn, or you no longer need.

If your daughter(s) is in need of softball equipment, you are welcome to take any softball equipment that may be available at that time. Currently, AGSA, Inc. has some used softball equipment that has been left behind, lost, forgotten or donated from the past few seasons. Feel free to examine this equipment the nights of registration in February.

Once the season starts the extra equipment will be kept at the park for those who need it. Please have your coach contact a board member for assistance.

So, please help AGSA, Inc. out and bring in any slightly used softball equipment that is no longer used and donate them for future use by other girls in our program.

If you have any questions, you can contact Jeff Welton at 497-1964 or any other AGSA, Inc. board member.
